Handling equipment

Strand jack H-40:	48	pcs
Strand jack H-70:	32	pcs
Total MegaSteel:	500	t

Description

In preparation for the UEFA Euro 2008 the stadium in Salzburg had to be extended.

Temporary MegaSteel towers for the supporting and strand jacks for the lifting were applied to accomplish the required roof elevation of 10.5m.

The space gained through the roof lifting at the "Red Bull Arena" allowed for an approx. 12'000 additional spectators.
